

Most Innovative Deal of the Year (2023): The award was issued by *GlobalCapital* as part of its GlobalCapital U.S. Securitization Awards 2023 and received in 2023 for the Bocarte transaction.

The awards process commenced in January, when market participants were invited to nominate transactions and organizations for consideration. Participation was broad, with nearly 300 institutions contributing nominations, resulting in a competitive selection process for shortlist inclusion. Nominees were announced in February, followed by a market-wide voting process to determine winners. Over 20,000 individual votes were cast, culminating in the selection of more than 45 winning organizations and transactions.

Newmarket Capital submitted information as part of the award nomination process. Third-party awards and recognitions are not indicative of future performance and may not be representative of any one client's experience.
